

WALKING AROUND THE HISTORIC CITY LEVANGER

Levanger city centre, with its unique wooden houses and location by the fjord, is an excellent starting point for great walks.

There are 4 trails marked from the Stadionparken in the city centre. The trails range from 1,2 to 4,8 kilometers. All trails are showcased in its own brochure and on an information board at the Stadionparken.

Levanger has a high density of Geocaches and several historic wooden houses are QR-marked for a self-guided city walk.

DIRECTIONS STADIONPARKEN

Exit E6 towards Levanger city centre and follow signs to the hospital. Continue straight ahead with the hospital on the right. Park straight ahead and to the left.
