

TUPTUR - ÅLNESTANGEN 5 KM

“TIP” HIKE - 5 km round trip

A walk to the tip of Ålnestangen in Lake Snåsavatnet (Norway's 6. largest lake).

At the tip you are rewarded by a great view over the lake. It's an easy walk through varied terrain of both forest, stone and cultural landscape. Along the trail you pass a burial mound from the Bronze Age, beaches and viewpoints. The hike can be walked wearing trainers.

The path starts at Oldernæs Beach Camp, who offer accommodation in cabins and pitches for caravans and tents.
